SINGLE-SIDED VS DOUBLE-SIDED

Our Flags are available in single as well as double sided display:
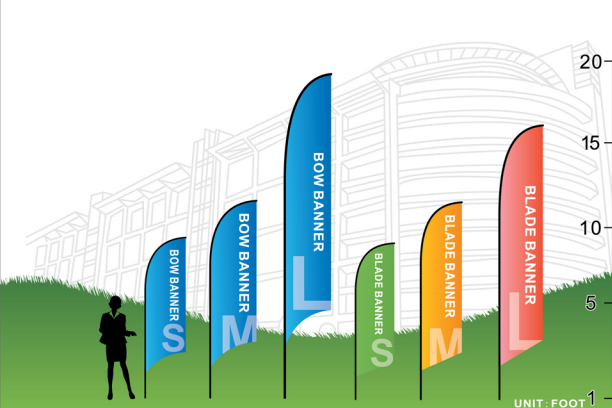

DOUBLE SIDED

Two single sided banners are sewn back to back enabling a double sided display. A block-out material is sewn between the banners to prevent light from shining through.

SINGLE SIDED

Image is printed on 1 side of the banner for single sided display. The back side shows up to 95% mirror on reverse image of the front side.

↘WAVE SERIES DISPLAY

This is one of the best innovations in curved display walls in the last ten years. Even if we do say so ourselves! Once you've started using the Wave Series Display you'll wonder how you ever did without it.

Remember the old days when your only option was a pop-up display with the big heavy case on wheels? Times have well and truly changed. The Wave Series Display is a curved display wall that is cheaper, lighter, easier to use, and looks fabulous.

One 24" X 12" header frame
Three 24" X 36" frames (hinged)
Fabric Color: Dark Blue/Light Blue Or Black/Gray
One Nylon canvas carrying bag

6 FOOT TABLE TOP DISPLAY
ITEM NO.: TFP002
- Three 24" X 12" header frames
- Three 24" X 36" frames (hinged)
- Fabric Color: Dark Blue/Light Blue Or Black/Gray
- One Nylon canvas carrying bag

8 FOOT TABLE TOP DISPLAY
ITEM NO.: TFP003
- Two 24" X 12" header frames
- Four 24" X 36" frames (hinged)
- Fabric Color: Dark Blue/Light Blue Or Black/Gray
- One Nylon canvas carrying bag

8 FOOT TABLE TOP DISPLAY
ITEM NO.: TFP004
Four 24" X 12" header frames
Four 24" X 36" frames (hinged)
Fabric Color: Dark Blue/Light Blue Or Black/Gray
Nylon canvas carrying bag

6 FOOT PANEL DISPLAY
ITEM NO.: FP005
- Three 24" X 12" header frames
- Six 24" X 36" frames (hinged)
- Fabric Color: Dark Blue/Light Blue Or Black/Gray
- One nylon canvas carrying bag

8 FOOT PANEL DISPLAY
ITEM NO.: FP006
- Four 24" X 12" header frames
- Eight 24" X 36" frames (hinged)
- Fabric Color: Dark Blue/Light Blue Or Black/Gray
- One nylon canvas carrying bag

↘ TABLE THROW DISPLAYS

Features:

- lightweight
- Easy to store and ship
- Washable
- Available in full color dye sublimation printing

Stylish and elegant, Table Throws professionally present your company Image. These Peremium quality Table Throws are easy to care for, washable and easy to store and ship. Standard Table Throws are made to fit 6', 8' or other custom size.

TABLE THROW CUSTOM

Available with Draped Corner or Fitted Corner (see below)
The DRAPED style is more versatile with regard to table dimensions if you do not always use the same table.
Covers top, and all four sides to 1" from the floor
Custom fit for standard 6' and 8' folding tables - custom sizes available
Perfect for tables out in the open and viewable from all sides
More privacy for items stored under the table

PRODUCT(PRODUCT CODE)	GRAPHIC SIZE

Dye Sublimation Printing

A. Printing Width 2.55m
B. Eco-solvent Based Printer
C. Two Pcs DX5 Print Heads
D. CMYK 4 Color Inks
E. 1440 dpi high reliability

Printer: ULTRA9000
Print Width reach 2.55m, no splicing for the large graphic, with amazing impact.

For the large graphic print by simple printer, it has to be spliced by two papers, so there is unavoidable with an obvious connecting line/ misalignment on the graphic.

Large Dye Sublimation Fabric Printing can showcase your next indoor or outdoor event! We have graphic artists on staff to assist you with your design.

Large Format Printing, typically defined as any final image size larger than 2300MM allows you to digitally print large photos and logo illustrations as event banners or trade show panels directly from a computer disk or CD without the intermediate steps of traditional offset printing.

Sometimes referred to as wide format printing, your audience will notice the brilliant colors and high-resolution formats that are now available with this printing technology. Wide format prints are used in dozens of advertising and tradeshow applications including:

We print on a variety of substrate materials. Our digital prints are produced on photo paper, fabrics, canvas, vinyl, outdoor mesh, wallpaper, or film substrate materials. We print up to 1440 dpi final output using solvent based inks and using a two step dye sublimation print process. Finishing options include grommets, velcro webbing and pipe and drape clips.

Our MIMAKI dye sub print process can produce fabric output up to 93" in a seamless format on polyester fabrics. For widths up to 60" we produce full color images on six fabrics from satin to poly duck for our banner display fabric products.
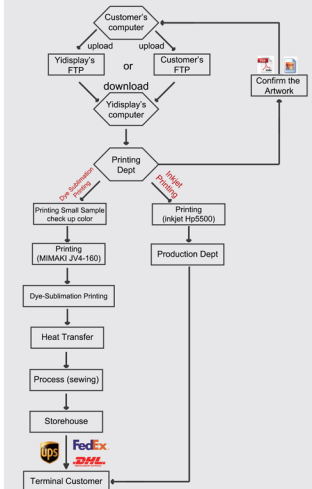

We look forward in assisting you in any manner with your next large format print project or idea. If you have a need for high unit counts, please email us for a free sample. Have your design staff furnish a layout and FTP forward to our site. Else, please mail your artwork CD to us.

Specification:
Drum Size : 2500mm drum
working width: 2400mm
Temperature Range : 0 - 220° Celsius
Pressure Range : 0 - 6 Bar (max)
Overall Dimensions : 3100 x 1000 x 1650
Nett Weight : 500kg
Packed Weight : 600kg
Power 12kw / 3 phase

* This rotary calander press is designed specifically to work alongside the digital sublimation sector whilst retaining all the qualities of a traditional large format rotary heatpress, but with reduced power consumption and overall dimensions.
* Maximum production speeds of 8 meters per minute
* Fully controllable entry and exit rollers
* Patented oil filled drum system
* Optional top bonding pressure cylinder
* 2500mm drum and 2400mm working width
* High Quality Nomex Felt for long life Programmable startup and shutdown

DIGITAL PRINTING COLOR INFORMATION

OFFSET VS DIGITAL

Digital printing offers shorter turnaround and more consistent end result than offset printing. Digital printers do not print PMS and RGB colors. these colors will have color shifts.

OFFSET VS DIGITAL

Although digital printers do not print PMS colors, our production team will manually adjust the color output to match your spot colors upon request. **Please ask us about color matching service when you upload your files.***

REPRINTING

If you are in need of graphics from your previous orders printed by us, let us know before you approve proofs. To match colors with previously printed banners, we need extra time and information from you. We typically hold files for 1 year. By request, we can back up files for future use.

MATERIAL

Printed colors look slightly different depending on materials. Refer to the material descriptions for more information.

OUTDOOR USE

Our outdoor banners are printed with UV-safe inks to prolong the life of your banner. They are hemmed around the edges for long life and can be grommeted for easy display outside your building or event.

☜PRINTING SERVICES.

FINISHING OPTIONS

GROMMETS
Banner edges are hemmed with #2 grommets in corners. Available grommet colors: brass, silver, and black.

HEM
We add a 1" bleed that is folded over and double stitched with white thread. Can be performed to entire perimeter of banner.

POLE POCKET
The top and bottom of the banner is folded over and sewn creating a pocket that accept dowels.

CLAMP
Top and / or bottom bars clamp to banner.

HOOK & LOOP
HOOK & LOOP
Banners attach via hook & loop strips on top and bottom.

MAGNET
Magnetic strips on sides of panels magnetically attach to channel bars on frame.
